

Binational Committee Overview

Real Estate

The Real Estate Committee, through a broad range of experts including attorneys, real estate professionals, appraisers, developers and government officials, focuses on strengthening real estate investment.

Summary of Top Action Plans/Priority Projects

Goal: Strengthening the binational relationships in real estate investment

- a) Establishing an understanding of each public office's ability to enforce regulation/statutes/laws as it relates to ADRE's "Public Report" Requirements
- b) Conducting a comparative analysis of the real estate buying and selling process in both states.
- c) Establishing an understanding of how or why consumer harm occurs in standard practice
- d) Establishing an education model for Arizona Real Estate Licensees.

Outcome: Clarification on certification/standards for real estate courses to spread awareness of real estate transactions & professional in Mexico. Currently meeting with Secretary of Economy reps to collect information over existing real estate licenses and the ability to regulate licensees & unlicensed practitioners.
